Checks made payable to Owls Head - Mt.View Fire Dept.

2007 - 2008 Project 1: Upgrade Medical Monitoring Equipment
Mt. View Fire Dept. is trying to raise \$16,000 to purchase a more advanced lifepack 12 defibrilator unit. These devises would allow EMTs within the department to have instant access to a patient's vital signs for more decisive advanced lifesaving interventions and more advanced cardiac monitoring and medical care onboard our Ambulance unit.

All donations are tax deductible.
